SOFT SKILLS

- Teamwork
- Leadership
- Fast learner
- Responsibility
- Problem-solving
- Critical Thinking
- Time Management
- Project Management
- Learning & Adaptability
- Effective Communication

TECH SKILLS

- PHP
- MySQL
- GitHub
- Laravel
- JavaScript
- HTML, CSS & Bootstrap 5

PROFILE

I am Sophea Phal, born on March 06, 2006, in Kampong Chhnang province, Cambodia. I am a second-year web development student at Passerelles Numériques Cambodia (PNC) with hands-on experience in building responsive websites and deploying web applications. Passionate about clean code, teamwork, and continuous learning. Seeking a web development internship or junior role to apply technical skills and grow in a professional environment.

EDUCATION

- | | |
|----------------------------------|----------------|
| Associate Degree | 2025 - PRESENT |
| Passerelles Numériques Cambodia | |
| High School Diploma | 2021 - 2024 |
| Hun Sen Kampongleang High School | |
| Bac II (2024) grade B | |

PROJECT EXPERIENCE

- | | |
|--|---------------------------------------|
| JavaScript Project | December 22, 2025 - January 5, 2026 |
| • Collaborated in a 3-member team to design and develop an interactive quiz website | |
| • Built responsive user interfaces using HTML, CSS, JavaScript, and Bootstrap | |
| • Implemented core features including quiz timer, score calculation, and instant feedback | |
| • Used Jira for task assignment, sprint planning, and progress tracking | |
| • Applied Git & GitHub for version control, working with branches and pull requests | |
| • Repository:
https://github.com/leak1415/quiz-website.git | |
| Software Deployment Project | December 15, 2025 - December 21, 2025 |
| • Independently deployed WordPress, Laravel, React.js, and Next.js applications on AWS within 1 week | |
| • Configured servers, databases, and domains to ensure stable and secure application access | |
| • Gained hands-on experience in cloud deployment, server management, and end-to-end application hosting | |

DEVELOPMENT TOOLS

- Git
- Jira
- AWS
- Canva
- Figma
- Vercel
- Netlify
- Docker
- Draw.io
- Firebase
- Postman
- AI Tools (ChatGPT, Grok, Poe, DeepSeek)
- MS - Office (Word, Excel, PowerPoint)

LANGUAGES

- Khmer: Mother Tongue
- English: Pre-intermediate

HOBBIES

- Volunteering
- Reading tech articles
- Learning new web technologies
- Building small web projects
- Exploring UI/UX design
- Collaborating with peers on coding tasks
- Join a workshop related technology
- Self-development podcast listener

Algorithms Project

October 20, 2025 - November 2, 2025

- Independently developed a Student News web application in 2 weeks using HTML, CSS, JavaScript, Flask, Python, and SQLite
- Built dynamic content management with a backend database to efficiently store, publish, and display news articles
- Designed user-friendly interfaces and gained hands-on experience in full-stack development and database integration
- Repository:
<https://github.com/sophea06/Student-News.git>

Web Design Project

September 2, 2025 - October 8, 2025

- Independently designed and developed a professional portfolio website to showcase skills, projects, and services
- Built responsive layouts with clean navigation using HTML, CSS, and SASS, ensuring a user-friendly experience
- Managed the project from concept to deployment, demonstrating initiative, problem-solving, and attention to detail
- Repository
<https://github.com/sophea06/My-project-web-design.git>

GitHub Project

August 26, 2025 - September 8, 2025

- Collaborated in a 3-member team to design and develop a fully responsive website using HTML5 and CSS3, following clean code and semantic structure best practices
- Used Git & GitHub for version control, including feature branches, pull requests, and code reviews; contributed to multiple pages and responsive layouts
- Participated in project documentation (README, setup instructions, team roles) and successfully deployed the website on Vercel, gaining experience in modern deployment workflows and team collaboration
- Repository:
<https://github.com/sophea06/project-1.git>

Web Club Project

June 16, 2025 - June 30, 2025

- Participated in a 5-member team to develop a website for a computer shop during a 2-week challenge at PNC
- Contributed to page structure, styling, and content, applying foundational web development concepts under teacher guidance
- Practiced teamwork, problem-solving, and basic web development workflows, while building a functional shop management system
- Repository:
<https://github.com/samounsuon/PNC-Shop.git>

ADDITIONAL EXPERIENCE

QA Workshops

- Date: 25 January 2026
- Facilitators: Deu Makara (Software QA tester at Soramitsu Khmer)
- Attended a workshop on Software Quality Assurance, covering basic testing concepts, test cases, and bug reporting
- Learned the role of QA in the software development lifecycle and common practices used in real projects
- Gained insight into QA career opportunities through knowledge sharing from experienced guest speakers

IT Professional V Workshops

- Date: 25 January 2026
- Participated in professional development workshops focused on IT industry practices and career readiness
- Learned about workplace communication, teamwork, and professional behavior in an IT environment
- Gained insight into IT career paths and expectations from industry-related sessions

DevSecOps Engineer Workshop

- Date: 20 January 2026
- Facilitators: Dalin CHEA (DevSecOps Engineer at ABA BANK)
- Attended a workshop introducing DevSecOps concepts, including integrating security into the development lifecycle
- Learned basic practices related to CI/CD, security awareness, and cloud-based workflows
- Gained insight into the DevSecOps engineer role and career pathway from industry-focused discussions

Product Owner Workshop

- Date: 25 November 2025
- Facilitators: Hem ChhingChhing (Product Owner at ABA Bank)
- Attended a workshop introducing the Product Owner role and responsibilities in Agile/Scrum teams
- Learned about product vision, backlog management, and requirement prioritization
- Gained insight into Agile product development processes and product-related career paths

Cybersecurity workshop

- Date: 09 June 2025
- Attended a workshop introducing fundamental cybersecurity concepts and best practices
- Learned about threat detection, risk mitigation, and safe computing practices
- Gained insight into cybersecurity roles and career opportunities in the IT industry

Public Speaking Workshop

- Date: 11 May 2025
- Facilitator: Sin Kosal (PS Trainer & Coach)
- Improved confidence, clarity, and communication through practical public speaking skills.

Engaged in clubs, events, courses, and volunteer work

- The 8th Career and Education Fair workshops
- Container Security Basics (online workshop)
- ScholarSpace Sharing Session (online workshop)
- Digital Government Forum workshops (DGF)
- The importance of networking workshops
- Courage and Problem-solving workshops
- Soft Skill Workshop
- EQSpire Webinar (online workshop)

- Code-C Events and Workshops
- Curiosity and Innovation Workshop
- Introduction to Agile Methodology workshops

Company Visits

- Dai-ichi Life Insurance (Cambodia) PLC.
- Sourceamax
- First Cambodia
- Chip Mong Industries
