SOFT SKILLS

- Teamwork
- Leadership
- Responsibility
- Problem-solving
- Critical Thinking
- Time Management
- Project Management

TECH SKILLS

- Node.js
- TypeScript
- PHP
- MySQL
- GitHub
- Laravel
- ReactJs
- JavaScript
- HTML, Sass, CSS & Bootstrap 5

PROFILE

I am Sophea Phal, a second-year web development student at Passerelles Numériques Cambodia (PNC), born on March 06, 2006, in Kampong Chhnang, Cambodia. I have hands-on experience in building responsive websites and deploying web applications using modern web technologies. I am passionate about clean code, teamwork, and continuous learning. I am seeking a web development internship or junior role to apply my technical skills and grow in a professional environment.

EDUCATION

Associate Degree

2025 - PRESENT

Passerelles Numériques Cambodia

High School Diploma

2021 - 2024

Hun Sen Kamponglean High School
Bac II (2024) grade B

PROJECT EXPERIENCE

Virtual Company-I Project

February 15, 2026 - 6 April, 2026

- Led a 5-member team as Scrum Master & Full-Stack Developer for the Chomnuoy System
- Built full-stack application using Laravel, React.js, MySQL, and Redis
- Developed donation features and managed team collaboration with Git & GitHub
- Repository:
Backend: <https://github.com/pheazha310/Chomnuoy-Backend.git>
Frontend: https://github.com/khezaella-cmd/Chomnuoy_System.git

JavaScript Project

December 22, 2025 - January 5, 2026

- Developed an interactive quiz website in a 3-member team using HTML, CSS, JavaScript, and Bootstrap
- Implemented quiz features, including timer, scoring, and instant feedback
- Served as Project Manager in Week 2, managing workflow with Jira and Git & GitHub
- Repository:
<https://github.com/leak1415/quiz-website.git>

DEVELOPMENT TOOLS

- Git
- Jira
- AWS
- Canva
- Figma
- Vercel
- Netlify
- Render
- Docker
- Draw.io
- Firebase
- Postman
- AI Tools (ChatGPT, Grok, Poe, DeepSeek)
- MS - Office (Word, Excel, PowerPoint)

LANGUAGES

- Khmer: Mother Tongue
- English: Pre-intermediate

HOBBIES

- Volunteering
- Reading tech articles
- Learning new web technologies
- Building small web projects
- Exploring UI/UX design
- Collaborating with peers on coding tasks
- Join a workshop about technology.
- Self-development podcast listener
- Join the competition.

Software Deployment Project

December 15, 2025 - December 21, 2025

- Deployed WordPress, Laravel, React.js, and Next.js applications on AWS
- Configured servers, databases, and domains for stable deployment
- Gained experience in cloud deployment and server management

Algorithms Project

October 20, 2025 - November 2, 2025

- Developed a Student News web application using Flask, Python, and SQLite
- Built backend database integration for publishing and managing news articles
- Designed responsive user interfaces with HTML, CSS, and JavaScript
- Repository:
<https://github.com/sophea06/Student-News.git>

Web Design Project

September 2, 2025 - October 8, 2025

- Participated in a 5-member team to develop a computer shop website
- Contributed to page structure, styling, and content development
- Strengthened teamwork, problem-solving, and web development fundamentals
- Repository:
<https://github.com/samounsoun/PNC-Shop.git>

GitHub Project

August 26, 2025 - September 8, 2025

- Developed a responsive website in a 3-member team using HTML5 and CSS3
- Collaborated using Git & GitHub for version control and code reviews
- Contributed to deployment on Vercel and project documentation
- Repository:
<https://github.com/sophea06/project-1.git>

Web Club Project

June 16, 2025 - June 30, 2025

- Developed a computer shop website in a 5-member team during a 2-week challenge
- Contributed to page structure, styling, and content development
- Applied web development fundamentals, teamwork, and problem-solving skills
- Repository:
<https://github.com/samounsoun/PNC-Shop.git>

ADDITIONAL EXPERIENCE

Full Stack Developer Workshop

- Date: 29 March 2026
- Facilitators: Veang Kroh (Full Stack Developer at Sanitation INC Cambodia)
- Participated in a full-stack development workshop covering frontend and backend concepts
- Learned web application development, API communication, and database integration
- Strengthened skills in responsive design and deployment workflows

Sokhom Hean

Position: PNC English & PL

Coordinator

Email:

sokhom.hean@passerellesnumeriques.org

Phone: 012 298 253

DBA Workshop

- Date: 15 March 2026
- Facilitators: Rem Hav (Database Administrator at ABA)
- Participated in a Database Administration workshop on database management and best practices
- Learned database design, backup & recovery, and security fundamentals
- Practiced SQL operations, relational databases, and performance optimization

QA Workshops

- Date: 25 January 2026
- Facilitators: Deu Makara (Software QA tester at Soramitsu Khmer)
- Attended a Software Quality Assurance workshop covering testing basics, test cases, and bug reporting
- Learned QA role in the software development lifecycle and real project practices
- Gained insights into QA career paths through industry guest speakers

IT Professional V Workshops

- Date: 25 January 2026
- Participated in professional development workshops on IT industry practices and career readiness
- Learned workplace communication, teamwork, and professional behavior in IT environments
- Gained insight into IT career paths and industry expectations

DevSecOps Engineer Workshop

- Date: 20 January 2026
- Facilitators: Dalin CHEA (DevSecOps Engineer at ABA BANK)
- Attended a DevSecOps workshop introducing security in the development lifecycle
- Learned basics of CI/CD, security practices, and cloud workflows
- Gained insight into DevSecOps roles and career pathways

Product Owner Workshop

- Date: 25 November 2025
- Facilitators: Hem ChhingChhing (Product Owner at ABA Bank)
- Attended a Product Owner workshop in Agile/Scrum environments
- Learned product vision, backlog management, and requirement prioritization
- Gained insight into Agile product development and product career paths

Cybersecurity workshop

- Date: 09 June 2025
- Attended a cybersecurity workshop covering fundamental security concepts and best practices
- Learned threat detection, risk management, and safe computing practices
- Gained insight into cybersecurity roles and career opportunities in IT

Public Speaking Workshop

- Date: 11 May 2025
- Facilitator: Sin Kosal (PS Trainer & Coach)
- Improved confidence, clarity, and communication through practical public speaking skills.

Engaged in clubs, events, courses, and volunteer work

- How to report work progress and challenges?
- How to ace the interview?
- Career Guidance Workshop (online workshop)
- How to design engaging CL & CV
- The 4th National Science, Technology and Innovation Day
- Design Workshop (TheBoxes KH)
- Ethics and Safety in Using the Internet (PED)
- Data-Driven & AI-Powered Leadership in Business and Finance (IFA)
- SAFE Sister Level 1 (AusCam)
- AI Literacy Online Training 2026
- Sharing about tips for writing a CV/resume for study abroad (AmaCam)
- Foundation of Learning English (PUC)
